

## DEPOSITS

### Residential

Water - \$100.00

Water & sewer - \$150.00

Gas - \$150.00

Gas, water & sewer- \$300.00

### Commercial

Water and/or sewer- \$200.00

Gas - \$150.00

**\*\*If the commercial building has excessive square footage, a larger deposit may be required. Formula for that is the last 12 months usage ÷ 12 if the average monthly bill exceeds \$150.00 then the deposit will be calculated by taking the average monthly usage x 2. For example:**

**Monthly average 26 mcf would be a total of \$333.70 x 2 = 667.40 this would be the deposit for that specific location.**

**September 28, 2010**
